## About IJECS

International Journal of Engineering and Creative Science (IJECS) is an international, multidiscipline, peer-reviewed scholarly journal devoted to publishing high-quality paper works in the fields of engineering, research and advanced science. IJECS welcomes those emerging methodologies and techniques in concise and quantitative expressions of the theoretical and practical engineering and science disciplines. The goal of this journal is to provide a notable and distinguish platform for researchers, scientists and academicians all over the world to promote, share and discuss various new issues and developments in all areas of advanced engineering and creative science.

## Why to select IJECS?

- IJECS is approved by "National science library (NSL)", National Institute of Science Communication and Information Resources (NISCAIR), Council of Scientific and Industrial Research, New Delhi, India , ISSN : 2581-6667.
- The main aim of peer review process is to maintain the quality of published articles in International Journal of Engineering and Creative Science.
- IJECS Impact factor 2017 value: 2.031
- In addition to peer-reviewed original research papers, the Editorial Board welcomes original research reports, state-of-the-art reviews and communications in the broadly defined field of
